

Misticon Clothing By Charlotte Dutton

Inspired by the success of her sell out signature range 'MOTO SNO' in TopShop Charlotte decided to create a new clothing range of her own and so the idea for 'Misticon' was born. As someone who has spent her life traveling around the globe to diverse environments whether it's modeling on the catwalks in Milan or snowboarding in the Rockies, Charlotte's motivation is to produce clothes that combine practicality with fashion and always allow for fun! The first range will be available Spring/Summer 09.

"Misticon is inspired by Active Sports. It is a collection for fast paced city life and meets the demand for both fashion and function. From its contemporary design to technical construction, these versatile comfortable pieces are a perfect blend of trendy and sporty, quality fabrics, subtle prints and feminine lines."
